

April 2, 2010

WASHINGTON, DC - Today, U.S. Rep. Michael Arcuri (NY-24) announced that the Port Dickinson Fire Department (Broome County) will receive \$69,493 in funding for operations and safety enhancements under the 2009 federal Assistance to Firefighters Grants (AFG) program.

The Port Dickinson Fire Department will use this funding to purchase new firefighter suits, upgrade Air Packs, purchase an RIT Pack and install a new Apparatus Exhaust System at the fire station.

"I am pleased that local fire departments are getting the resources they need to fight fires and protect the members of their communities," **said Arcuri, who has organized several fire grant writing workshops with the Department of Homeland Security for local fire departments over the last three years.**

"The purchase of additional rescue vehicles and the ability to make improvements to equipment and facilities for our rescue workers is critical. Providing the funding necessary to allow our local fire fighters to be best equipped to do their job makes them safer and contributes greatly to the overall safety of our community."

Today's announcement marks the ninth round of announcements for 2009 AFG funding. To date, a total of 17 fire departments in Arcuri's district have been awarded more than \$1.2 million in funding through the 2009 AFG program.

The Department of Homeland Security's (DHS) AFG program awards grants in two areas. The first is the Operations and Safety Program Area in which funding is used for training, equipment, wellness and fitness and health and safety modifications to the facilities. The second is the Vehicle Acquisition Program Area would allow departments to purchase various types of rescue vehicles including ambulances, hazardous materials clean up vehicles, tankers and pumper trucks. DHS will continue to make funding announcements in the coming weeks.

This week, Arcuri also announced that he will host a Fire Grant Workshop at **the Cortland County Office Building at 60 Central Avenue, Cortland, NY on April 7, 2010 from 5:00pm**

to 7:00pm

to help

emergency first responders in across Upstate New York
apply for grants through the AFG Program.

Local fire departments interested in applying for AFG program grants or attend the Fire Grants Workshop are encouraged to call Arcuri's Utica, NY office at 315-793-8146.
